1 INTRODUCTION

Regulatory **E**nhanced **E**lectronic **F**orms **S**ubmission (REEFS), is an online portal for electronic submission of required financial services information to the Cayman Islands Monetary Authority (“the Authority”) as well as providing payments information where applicable.

2 FORM INFORMATION

- Form APP-101-77-55 is to be used when applying as a Fund under section 5(1)(b) of the Private Funds Act (as Revised).
- The '+' to the left-hand side of the page, allow for multiple entries, when more than one is applicable for each category, throughout this form

3 ACCESSING AND SUBMITTING THE FORM

3.1 UNDERSTANDING REEFS ROLES AND WORKFLOWS

In REEFS, roles are required to be assigned to allow users to perform certain tasks (assigned in the Workflow). These roles give the users permission to prepare, edit, approve, review and submit etc. based on Workflows.

Please use the online instructions for guidance on how to create User accounts, Assign Roles and details of the Workflows.

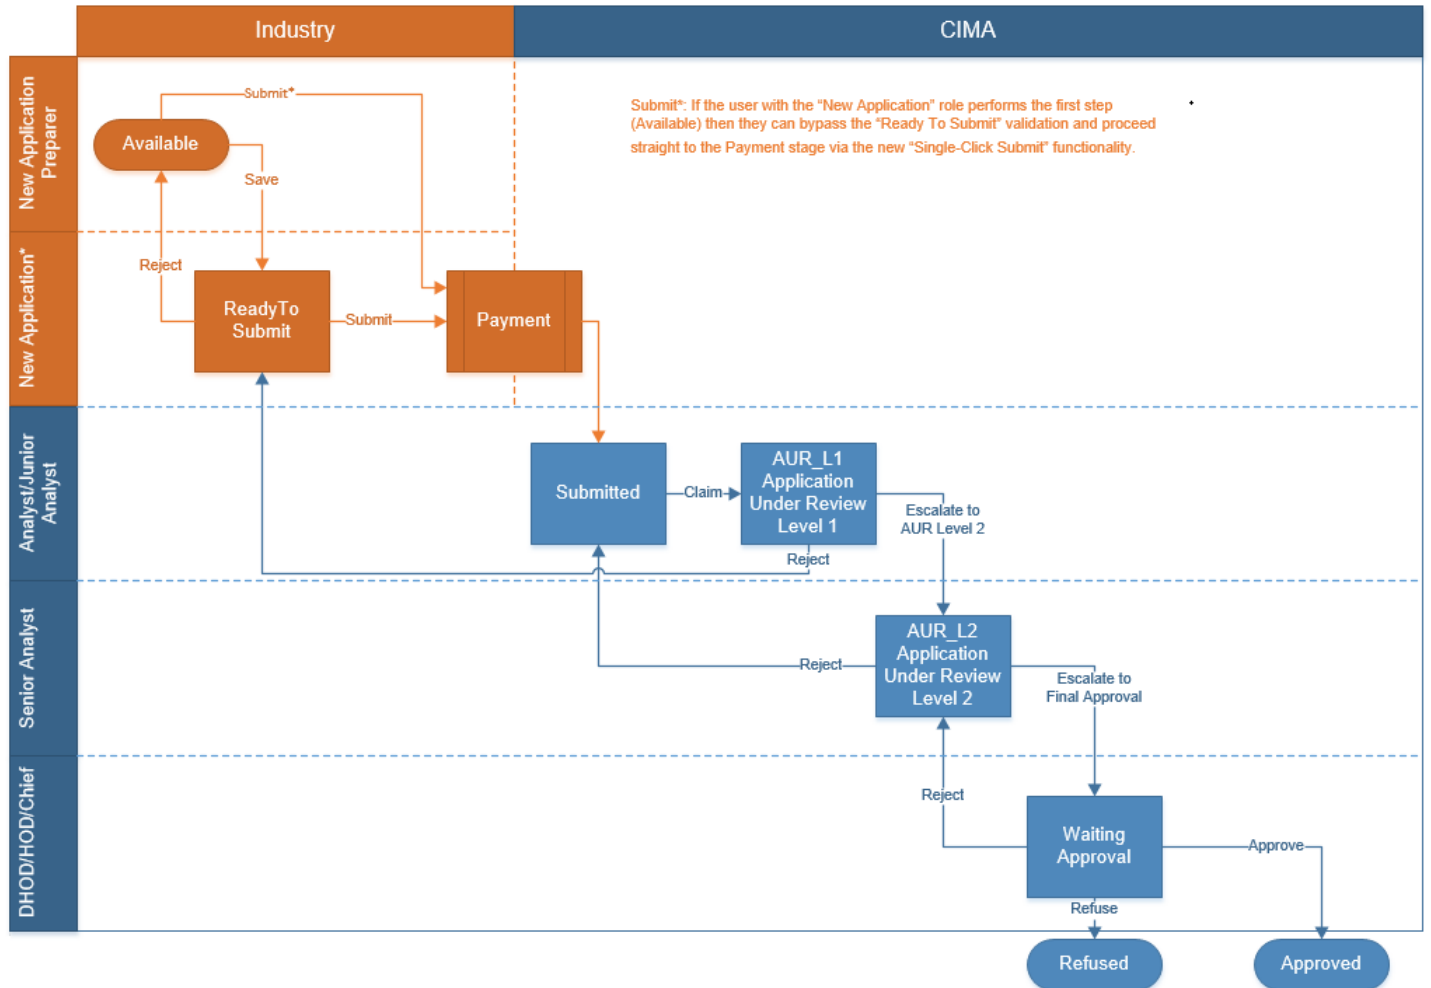

3.2 ROLES REQUIRED FOR (APP-101-77-05)

The following Roles are required for access to this form:

- New Application Preparer role
- New Application role (this role inherits the above role)

3.3 WORKFLOW USED FOR (APP-101-77-05)

The following Workflow is associated with APP-101-77-05. It outlines the steps that must be followed on both the **Industry**-side and the **Authority**-side for preparation, review, submission etc. of the form. All steps in the workflow must be complete (validated multiple times) even if one user has inherited roles and can perform all steps in the workflow.

Steps taken on Industry-side:

1. The 'New Application Preparer' prepares the data
 - a. Once the data has been entered the 'New Application Preparer' can 'Validate' the data, and then either **Save** or delete all the data
 - i. If **Save** is selected, the status of the of the application changes to **Ready to Submit**
 - ii. The application is ready for review by the "New Application" role
2. Once the 'New Application' role has reviewed the data they can then 'Validate' the data once again
 - a. Once the data has been validated the options to either **Submit** or **Reject** becomes available
 - i. If **Reject** is selected, the data is then returned to the 'New Application Preparer' for further review
 - ii. If the **Submit** option is selected, it then goes to the **Payment** processor (if it is applicable)
 1. The status of the application then changes to **Submitted**

Steps taken on Authority-side:

1. Once the application has been Submitted to the Authority, an Analyst can then Claim the submission to begin the review process.
 - a. Once the application has been Claimed, the status of the application changes to **Application Under Review (Level 1) ("AUR_L1")**
 - i. The application is then reviewed and validated by the Analyst
 1. If the application is Rejected by the Analyst, it is returned to industry to be resubmitted
 2. If the application is accepted, it is escalated to the second level of review by a Senior Analyst, and the application status changes to **Application Under Review (Level 2) ("AUR_L2")**
 - i. If the application is rejected by the Senior Analyst, it is returned to the Analyst for further review
 - ii. If the application is accepted it is escalated up to a Chief Analyst for final approval, and the application status changes to **Waiting Final Approval**
 1. If the application is rejected by the Chief Analyst, it is returned to the Senior Analyst for further review
 2. If the application is approved the status of the application changes to **Approved**
 3. If the application is not approved, the status of the application changes to **Refused**

3.4 SUBMITTING / RESUBMITTING

Pending

3.5 APPLICABLE FEES

The following fees are associated with this form, which can be paid via online escrow payment:

1. **KYD 300.00** - Administrative Filing fee
2. **KYD 4,125.00** - Annual Registration Fee
3. **KYD 525.00** additional amount in respect of each of the Private Fund's Alternative Investment Vehicles / Segregated Portfolios of a Segregated Portfolio Company / Trust-related Sub-Trusts and Sub-Funds.

5 REUSING PREVIOUS SUBMISSIONS

What is “XBRL”?

XBRL (eXtensible Business Reporting Language), is a standards-based way to communicate and exchange business information between business systems.

Data can be used from a previous reporting period or submission instead of starting from fresh. You must have entered data into at least one form using the online portal and have gone through a successfully validated submission.

- Example: Rapidly re-using the Anti-Money Laundering officer’s application for (MLO-154-

99) Process:

1. Select “**Submitted Requests**” to view previously submitted forms and select the one that contains the data.
2. Click on “**Download: XBRL Instance**” in the top right corner and save the file to your PC or network drive.
3. Close the form.
4. Select “**New Request**” and select the required new/empty form (e.g. MLO-154-99).
5. Click on “**Upload: XBRL Instance**” in the top right corner.
6. Click on “**Browse...**” and navigate to the file that was saved in step 2 above (usually in the "Downloads" folder).
7. Click “**Upload**”.
8. The system will then copy each data point from the XBRL file into the fields of the current form.
9. The system displays the message “**Import Successful**” to indicate that the data was all copied OK.
10. The user can then review and make changes to the data.
11. Proceed as usual through the rest of the validation process.

These instructions can be used for **New Application forms**, **Change Request forms** and **Financial Returns**.
